Kennewick School District
Handbook of Student Responsibilities and Code of Conduct**

MCP Handbook of Student Responsibilities and Code of Conduct

As a parent partnership program we have both moral and ethical considerations for the integrity and fidelity of the program with off-site courses and on line courses as well as student responsibilities for on campus activities.

Off Site and On Line Courses

Core Value

MCP supports the bond between the child/student and the family. We recognize that students are best understood and supported in the context of their family and can demonstrate a deeper understanding of learning through their own culture and activities within our community and society. Students achieve their full potential in the context of relationships that are based on trust and respect. On Line programs and off site courses provide a rich platform for extending relationships with families and learning in meaningful ways that connect the student to the world but are not supplanted by those relationships.

Conduct with On Line Programs - Pledge

As a student of MCP I will abide by all rules and regulations of the programs and products I will be using for coursework. MCP core values of families working together are still a part of the culture of the program but all final assignments I submit to the teacher of record and all tests I take shall be solely performed by me. The exception would be if there is any participation in group projects. I will not submit plagiarized work. When using district computers I will abide by the district computer use agreement. Violation of these norms may result in disciplinary action which could include loss of credit for the course or losing the privilege of taking district paid on line courses.

Student Code of Conduct on Campus at MCP

We make MCP the best for myself and others	M Make safe and responsible decisions	C Caring and respectful	P Problem Solver
--	---	-----------------------------------	----------------------------

MCP is a K-12 family environment and as such students benefit by receiving both privileges and accepting responsibilities being around not only their peers but around younger students and their parents. Modeling appropriate behavior in our environment is not only respectful but also shows a standard of care for all students and families that attend MCP. Students are expected to know their responsibilities as well as their rights. They are subject to discipline for violations occurring at school, on school district property, at school-sanctioned events sponsored by any school in the district, during the school day regardless of location; or when riding on school district buses for special events.

BE Respectful....Be Responsible....Be Safe

- **RESPECT OF PROPERTY, OTHERS AND SELF:** Students should refrain from marking or damaging school property. Students show respectful courtesy, follow directions and extend tolerance for all. Students respect the notion to strive for life skills that help them become responsible and productive citizens.
- **RESPONSIBLE:** Students show responsibility by not only attending classes but also honor the partnership program requirements of working outside of the classroom on meeting standards and the learning goals for the course.
- **SAFETY:** Students act in a safe manner in classrooms and around the buildings both during their class time as well as time on campus. Students in on line classes pay attention to personal safety on the internet

It is the intent of the Kennewick School District to provide a safe, productive, positive, and disruption-free classroom and learning environment. The following rules of conduct are to be observed while on school property and immediately before or after school hours, at any time the school grounds are being used for a school activity or, at lunch on and off campus. Conduct violations are subject to corrective action or punishment. **Kennewick Policy # 3204**

STUDENT RESPONSIBILITIES and GUIDELINES – Kennewick Policy # 3200

Athletic Events within the District: Students who attend one of the other high school's athletic events at home or away are expected to abide by all school and district rules. They are to remain at the event site and not wander around the campus or in buildings. They may be subject to the event's discipline as well as face sanctions at MCP.

Athletic Participation: Involvement in athletics is provided by the student's neighborhood school. WIAA rules do not let students attend our comprehensive high school next door unless that is their boundary school. If you are an out of district student you would need to return to your city and your neighborhood school. There is no district transportation after school to your local neighborhood middle or high school. Athletic participation requires ASB membership and completion of the required athletic participation procedures (including parental permission, passing a physical examination, proof of health insurance, and a willingness to abide by the athletic code

Building Conduct: Students on campus and in classrooms are expected to be quiet and not disruptive. This includes inappropriate displays of affection and the use of profane language.

Bus Conduct: Students are expected to abide by the rules of the Kennewick School District and the bus driver while riding the school bus for field trips, competitions or excursions. Endangering the safety of others will not be allowed on the bus.

Campus: The MCP campus schedule varies from student to student. Lunch is an open campus for high school students. This opportunity where high school students [**not 7th or 8th graders taking high school courses**] may leave and return. High school students are responsible as a licensed driver to only allow the stated number of people to ride in the same vehicle. High School students must leave the grounds if they have over a half hour between classes. **We do not have campus settings such as a library or other supervised class settings that are monitored for students who have open time schedules.**

- A. Parents must make arrangements for where they will be going if they have such a schedule and either check them out and bring them back or make arrangements with a friend to do the same for their child.
- B. Option B is to drop a class that makes the gap or
- C. Option C is to add a class to fill the gap on the day such a schedule exists.
- D. Students may not hang out for an hour to wait for a sibling or to come an hour early and wait for a class to begin. Parents are responsible for students attending only their times on their learning plan.
- E. Families that can't make the schedule work will be redirected to their neighborhood school.
- F. Students may not attend classes they do not normally take during the week or to hang out in the gym or in the family room

Computer Use: The Kennewick School District provides the opportunity for each student to utilize computer technologies and to have Internet access as resources to help reach curriculum goals. This utilization and access is conditional and requires responsibility on the part of the user. Students are not permitted to use or trespass into the files, folders, log-ins, and/or passwords of others. Material that is offensive, inappropriate, harassing, insulting to or attacking others, or sexually explicit is not to be sent, received, accessed, or displayed. Laws, policies, and regulations regarding copyright and plagiarism are to be followed at all times. School computer resources are not to be used for personal gain, commercial, and/or fraudulent purposes. Students are not to seek or provide unauthorized or illegal access to school computer resources, nor damage, modify, or destroy computer hardware and/or software. Violations of computer usage policies and procedures will result in school disciplinary action, and may have civil, and/or criminal consequences. MCP supports and respects each family's right to determine an appropriate level of computer usage and internet access however high school students will need to have a working computer and access to the internet at home. Parents or guardians may request that their student(s) be restricted from access to school computers and/or the internet by signing the appropriate statement on the form from the office and return it to school officials. This does not exclude them from required work or assignments that might be posted on our building websites.

Dances: Attendance at a High School MCP dance is a privilege. The school administration will have the right to exclude students who have had discipline problems from attending a dance. Guests are not allowed to attend a dance without prior permission and appropriate identification. A guest attendance form must be filled in a week in advance and on file prior to dance. The MCP host student assumes the responsibility for their guest and their conduct. If the guest is asked to leave the dance then the host will also need to leave whether or not they were part of the misconduct or not. If the conduct involves drugs or alcohol then the police and parents will be notified. Only one guest per student will be permitted. The ASB will determine whether or not to invite middle school students. All school rules apply at the dance. Parents are welcome to attend dances as chaperones. Students are to dance: "Face to face and leave some space". No front to back dancing is allowed at school dances.

Middle School socials do not include dances unless the ASB invites 8th graders for a special event. There are events sponsored by Helping Hands parent group or with the MCP all school events such as winter open house/snow event.

Dress: Clothing must be conducive to learning, be orderly and safe, and must not disrupt the educational environment. Modesty, good taste, and the proper educational atmosphere are the focus. Clothing must not allow indecent exposure and may not contain vulgarities, sexual connotations, or drug, alcohol, tobacco, or gang references. The front and back portion of the midriff must be covered at all times. Tank tops or other garments with excessively large arm and/or neck openings are not to be worn at school. Spaghetti strap tops may not be worn. Straps must be approximately two-inches wide. Shoulder blades should not show. Undergarments, including straps and waist bands, are to be appropriately covered. Shorts, dresses, or skirts may not be shorter than mid-thigh. Running shorts are not allowed. Shoes must be worn at all times. Students may be disciplined to the fullest extent for wearing gang attire. **Hats, visors, beanies, hoods and bandannas may not be worn by girls or boys inside classrooms. We are a traditional program with respecting hats off in buildings as well as it is a violation of board policy to wear a hat in the building.** Any clothing, communication, or behavior (including, but not limited to, graffiti, hand signs, colors, inscriptions, hats, head coverings, belts, or chains) associated with disruptive behavior, gang activity, or which creates a threat to individuals or

their safety is forbidden, and the wearer is subject to disciplinary action. The school administration determines whether garments are disruptive to the educational environment. For violations of these standards, students will be asked to adjust their clothing, to change into school issued attire, or will be sent home after parental contact to change their attire.

Electronic devices: To preserve an appropriate learning environment, radios, tape recorders/players, video games, CD players, MP3, ipods, ipads, cell phones, and other electronic devices may not be used in class and must be turned off. Occasionally a teacher may allow a cell phone or tablet for educational apps and for group work. Bringing an electronic device to school creates some risk of loss or theft for which the student takes responsibility. Understand this risk before bringing electronic devices to school. If these devices disrupt the educational environment, they will be confiscated. We request the cafeteria be a no cell phone zone so that students may engage face to face with each other and practice good social skills in being in a group setting. Cell phones and IPODs are not allowed during state and district testing. All devices must be turned off and turned into the testing proctor. They will be returned when they are released out of the room from the testing environment. Parents may pick up confiscated devices from one of the building administrators/designee. Students must hand over the device to a school official when requested. Electronic devices cannot be used at any time for illegal activities, in violation of school rules, cheating, or to violate the privacy of others. Exceptions for cell phone use include a teacher's permission for classroom activities and in emergency situations with staff approval. Consequences for violations: Step 1 Student may pick-up the device after school Step 2 Student's parent may pick-up the device from the office Step 3 Student's parent may pick-up the device from the office; student is suspended for one day Step 4 Student's parent may pick-up the device after school; student is suspended for three to five days. Please be aware that transmitting in appropriate pictures may be a felony. We will involve the local student resource officer if there is a concern.

Federal Survey Cards: Federal survey cards will be distributed to students for parental completion at the beginning of October each year. It is important that parents fill out the needed information and have their students return the Federal Survey Cards by the due date.

FERPA (Family Educational Rights and Privacy Act.): Unless a parent/guardian files a written objection, the Kennewick School District may release to the public without prior parental consent "directory information" regarding students. For senior high school students, directory information includes the following: the student's name and address, scholarship and award winners, telephone number, activities and sports, weight and height of athletic teams, institution attended by the student, graduation list, and class list. In addition, parents who do not want their students photographed (Occasionally students are photographed or videoed during the school day and may be used in district publications) need to complete the Use of Student Likeness Denial Form. Parent(s) and/or guardian(s) not wishing this information to be made public should notify the school principal or designee in writing within ten (10) calendar days following the issuance of the student handbook to students the first week of school. Forms requesting the non-disbursal of student directory information and use of student likeness are available at the main office and on the district websites.

Food or beverages: It is up to individual teachers to decide whether students may eat a snack and/or drink within the classrooms. If students have medical needs of needing a snack then please contact the teacher and our nurse. Also students who are on tight schedules to move to another setting such as Tri Tech or CBC may have special needs to have access to their snacks or meal before they leave MCP.

Students are expected to clean up after themselves and to help keep the school clean and litter free. Students who litter or fail to clean up after themselves may be subjected to appropriate disciplinary action.

Graduation: MCP is an accredited high school and we hold our own graduation ceremony. Please refer to the graduation handbook to keep track of relevant dates and timelines

Matches/lighters: The use or possession of matches, lighters or other fire-producing devices is prohibited and will result in confiscation, disciplinary action and/or suspension.

Medication: Parents are discouraged from sending over-the-counter medicines and prescription drugs to school. Please consult with your physician to help in this matter. If medication must be taken at school, contact the school nurse, Mary Jo Wilkins, for the proper paper work. Information in student health records may be shared with school personnel on a need-to-know basis to protect the student's health, safety, and educational interests. This will be done at the discretion of the school district certified nursing staff. If parents do not want this information to be shared, they must notify the school nurse in writing.

Off Campus at the end of the student's day: Students are to leave campus within 15 minutes after the end of their last class or they are to be involved in a school-sponsored activity. At the end of the school day, students cannot be properly supervised and should leave the campus.

Parking: The parking of student vehicles on premises is permitted. In order to park legally on the MCP perimeters, vehicles must be registered at the office by their license plate[s] of cars they might drive during the school year. Registering a vehicle for parking on the adjoining property parking lots indicates an implied understanding of the policies and the consequences of improper or unauthorized parking violations. A fine will be assessed for improperly parked vehicles as well as possible school discipline for each parking violation. Cars may be towed if they block emergency vehicle access or are habitual offenders. MCP, the visiting school at the Fruitland building, Legacy and the Kennewick School District assume NO LIABILITY for theft or damages to vehicles parked on property. Vehicles parked on the Kennewick School District linking sites to the MCP property may be searched at any time with reasonable suspicion. The Kennewick Police Department will issue citations for cars illegally parked in disabled parking stalls and those parked in fire lanes.

Signs and Bulletins: Material placed on the bulletin boards or any signs put up in the building or on the building must have prior staff approval.

Staff and Family Room: Students are not allowed in the family room to hang out without their parent being present.

Skate Boards/Roller Blades: Skate boards, roller blades, scooters, or similar devices are not to be ridden on campus/within the chain link fence. Violations will result in confiscation of the item and disciplinary action.

Students, also, may not bring computer hardware of any type, including external drives, to school without prior permission. District workstations may not be altered without direct teacher permission. Any vandalism (destroying or changing files, illegal copying, etc.), intentional copyright violations, or attempted access to unauthorized data will result in disciplinary action, which may include criminal charges, restitution, suspension, or expulsion. Possession or distribution of passwords other than the student's own password is prohibited. Distribution of knowledge (such as passwords or techniques) that may assist another person in damaging the network or inappropriately accessing material including but not limited to inappropriate internet sites that violate district pornography policy will be subject to discipline, suspension or expulsion.

ATTENDANCE MATTERS – Policy 3122 – On Site Courses

Regular school attendance is necessary for mastery of the educational program provided to students. Students are expected to attend all assigned classes. It is recognized that at time students appropriately may be absent from a class session.

MCP classes are taught for two days a week in 1.5 hour block time. If a student misses one class session they are missing out on almost two days of instruction plus feedback from the home work that was done previously. District policy # 3122 also addresses excessive absences and after the 12th regular school day of non-related school absences a student may be denied credit for the course. At MCP the excessive absence would be 7 or more days during the semester. A conditional contract may be enacted to reduce absenteeism to 10% or below in order to stay enrolled.

Excused Absences

1. Absences due to illness or a health condition, school-approved activities, family emergencies and, as required by law, disciplinary actions or short-term suspensions shall be excused. In addition, the principal/designee may, upon request by a parent, grant permission in advance for a student's absence providing such absence does not adversely affect the student's educational progress.
2. If an absence is excused, the student shall be permitted to make up all missed assignments and participation points outside of class under reasonable conditions and time limits established by the for the absence.

Unexcused Absences and Truancy

MCP will not enroll a student who is involved in court ordered absences and has been referred to the BECCA process by another school.

Attendance Matters MCP

MCP environment is unique as an alternative school. Classes are not offered five days a week therefore attendance in our on-site classes is extremely important. Absence limits have been established to promote student engagement in the classroom. Students need to be part of the team work of the on-site classes. Excessive absences may lead to loss of credit.

MONTH: If a student is absent three times a month in any class excused or unexcused then parents will need to come in for a conference and make a plan for improvement.

SEMESTER: If a student is absent 30% or more during the semester in any on site class excused or unexcused they will be put on a conditional contract for the next semester. If they continue for two semesters they will be dismissed from MCP based on failure to attend on site classes.

**parents may also move a class to an off-site opportunity or possibly with approval to an on line course*

Tardies

1. Students will be considered tardy if they are not in the classroom when the class is to begin. After 10 minutes they will be considered as unexcused. A note will be made in the student discipline log to track tardies and or parent contacts.
2. Students who are tardy more than four times in a semester shall be subject to school discipline and may be placed on a conditional contract for attendance. Tardies accumulate from all classes.
3. If a student is late more than FIFTEEN MINUTES without an excused note from a staff member, he/she will receive an UNEXCUSED absence.

Absence limits have been established to promote student engagement in school. Excessive absences [7 or more days] may lead to loss of credit as described in this section relevant facts that include: • Total number of absences in this and other classes for the semester • Pattern of absences in prior semesters • Whether the non-school related absences were related to verified illness, emergencies within the family, and/or absences that have a significant family or educational related value (a mitigating factor) •

Whether the student has earned an A through a C- in the course (a mitigating factor) • Whether the student has earned a D+ or D in the course (a negative factor)

In the event of credit denial, the student and/or parents have the right to appeal to the building principal. In the event that the issue is still not resolved, the student and/or parents may appeal to the Assistant Superintendent of Secondary Education. In the event that this issue is still not resolved, the students and/or parents may appeal to the School Board following the procedure in Policy 3323-R2.

COMPLAINT OPTIONS: DISCRIMINATION AND SEXUAL HARASSMENT

If you believe that you or your child have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with your child's principal or with the school district's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to revolve your concerns.

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Once the district receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The superintendent or designee will respond to you in writing within 30 calendar days—unless you agree on a different time period. In its written response, the district will include a summary of the results of the investigation, a determination of whether or not the district failed to comply with civil rights laws, notification that you can appeal this determination, and any measures necessary to bring the district into compliance with civil rights laws. Corrective measures will be put into effect within 30 calendar days after this written response—unless you agree to a different time period. To see the entire Complaint process log into: **WWW.KSD.ORG** and go to Title IX page.
