If studying artists, student will report who has been studied at monthly meetings.</p> <p>Every month progress will be determined by the HQ teacher of this course based on the question: "Will the student master the majority of his performance objectives by the end of the course?" The HQ teacher will take into consideration</p>

ALL factors (including student life situation, effort, attitude, etc.) when making this professional judgment.

Each month, the student will be expected to master approximately 10% of the yearly goals for this class (or 20% of semester goals), with the majority of the goals being met by the end of the year (or semester.) The mastery of any one goal may be an on-going process and some goals may overlap or be difficult to measure. Evaluation of progress toward the mastery of the goals will be based on monthly completion (or progress toward completion) of the learning activities that are designed to provide the means to achieving the goals of the learning plan. With that said, monthly progress can still be marked satisfactory based on the professional judgment of the teacher that the student will complete the majority of the goals of the course.

Monthly assessments will be completed by the consultant/certified teacher. Monthly Progress will be marked satisfactory or unsatisfactory based on the professional judgment of the certified teacher using parent input, work samples, and monthly assessments.
